Pravin Kumar K G

Frontend Developer

pravinaswin86@gmail.com 8807511498 Chennai, Tamil Nadu Portfolio

PROFILE

Frontend Developer with 6 years of experience building responsive, scalable web applications using **HTML5, CSS3, and modern JavaScript (ES6+)**. 1+ year of hands-on experience in **React.js**, developing reusable components using **React Hooks**, managing state with **Redux**, and integrating **RESTful APIs**. Experienced in building **Single Page Applications (SPA)** with strong focus on performance optimization, cross-browser compatibility, and maintainable component-based architecture. Proficient in Git-based workflows and Agile development practices. Passionate about improving user experience and application scalability.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Redux, React Hooks, Context API, jQuery (Maintenance & Legacy Projects)

UI & Styling: Responsive Web Design, Cross-Browser Compatibility, Bootstrap, Tailwind CSS, Sass

State Management & API Integration: RESTful APIs, Axios, Fetch API

Performance Optimization: Lighthouse Score Optimization, Asset Bundling, Lazy Loading, Code Splitting, UI Performance Tuning

Tools: Git, GitHub, Bitbucket, Jira, Agile Methodology, Chrome DevTools, VS Code

CMS (Additional Experience): WordPress (Theme Customization, Custom Blocks, WooCommerce)

PROFESSIONAL EXPERIENCE

Elito Innovations Pvt Ltd 02/2023 – Present
Sr. Software Developer Chennai, Tamil Nadu

- Developed and maintained responsive, multi-layout UI applications across admin panels, payment modules, and dashboards for internal and client-facing users.
- Implemented dynamic theme-based UI configurations enabling customizable branding and layout personalization through admin settings.
- Built interactive UI features using JavaScript (ES6+), jQuery, and GSAP, while optimizing CSS/JS asset bundling to improve Lighthouse performance scores and reduce initial load time.
- Resolved UI-related Jira issues, improving layout stability, cross-browser compatibility, and mobile responsiveness across devices.
- Refactored legacy UI codebase to reduce CSS redundancy and enhance maintainability of shared components within Agile sprint cycles.

Madon Limited 06/2020 – 02/2023
Junior Software Engineer Chennai, Tamil Nadu

WordPress Experience

- Developed custom blocks, custom fields, and custom post types to build flexible, content-driven WordPress websites.
- Implemented block templates and block patterns to reduce code duplication and improve content authoring efficiency.
- Managed dashboard-level content updates and WooCommerce configurations, including products, pricing, attributes, and discount logic.

React Experience

- Developed reusable and modular UI components using React.js with functional components and React Hooks (useState, useEffect).
- Implemented centralized state management using Redux for API-driven data rendering.
- Integrated RESTful APIs using Axios and handled asynchronous data flows efficiently.
- Improved component reusability by implementing consistent styling with Styled Components.
- Optimized rendering performance by minimizing unnecessary re-renders and improving component structure.
- Participated in debugging, testing, and production deployments within Agile development cycles.

Madon Limited 09/2019 – 05/2020
Intern Chennai, Tamil Nadu

- Developed and maintained a responsive WordPress website, adhering to modern UI, accessibility, and mobile-first standards.
- Built and customized static and dynamic pages using HTML, CSS, Bootstrap, and the Gutenberg editor with reusable blocks and plugins.
- Collaborated on theme and plugin customization, ensuring clean structure, cross-browser compatibility, and optimized performance.
