PROFILE

Frontend Developer with 6 years of experience building responsive, scalable web applications using **HTML5, CSS3, and modern JavaScript (ES6+)**. 3 years of hands-on experience in **React.js**, developing reusable components using **React Hooks**, managing state with **Redux**, and integrating **RESTful APIs**. Experienced in building **Single Page Applications (SPA)** with strong focus on performance optimization, cross-browser compatibility, and maintainable component-based architecture. Proficient in Git-based workflows and Agile development practices.

TECHNICAL SKILLS

Core : HTML5, CSS3, JavaScript (ES6+), React.js, Redux, React Hooks, Context API

Styling : Tailwind CSS, Bootstrap, Sass, Responsive/Mobile-First Design, GSAP Animations

API & Data : RESTful APIs, Axios, Fetch API, Async/Await, JSON

Performance : Lighthouse Optimisation, Code Splitting, Lazy Loading, Asset Bundling

Tools : Git, GitHub, Bitbucket, Jira, VS Code, Chrome DevTools, Agile/Scrum

Additional : WordPress, WooCommerce, Gutenberg Blocks (Legacy/Maintenance projects)

PROFESSIONAL EXPERIENCE

Elito Innovations Pvt Ltd 02/2023 – Present

Sr. Software Developer Chennai, Tamil Nadu

- Developed and maintained responsive, multi-layout UI for admin panels, dashboards, and payment modules used by internal teams and client-facing applications.
- Built interactive UI features using JavaScript (ES6+), jQuery, and animation libraries to enhance user experience and engagement.
- Improved application performance by optimizing CSS/JS assets, implementing lazy loading, and reducing initial load time.
- Resolved multiple UI-related issues across sprints, including layout bugs, cross-browser compatibility, and mobile responsiveness.
- Refactored legacy CSS and frontend code to improve maintainability, reduce redundancy, and support scalable development in Agile environments.

Madon Limited 06/2020 – 02/2023
Junior Software Engineer Chennai, Tamil Nadu

WordPress Experience

- Developed custom Gutenberg blocks, post types, and fields to support dynamic and flexible content management.
- Managed WooCommerce configurations including product setup, pricing, and discount logic for e-commerce platforms.
- Handled dashboard-level content updates and ensured smooth content publishing workflows for business users..

React Experience

- Developed reusable and modular React components using functional components and Hooks to improve code reusability and consistency across projects.
- Integrated RESTful APIs using Axios with proper async/await handling, enabling seamless data flow for dashboard and user-facing features.
- Optimized component rendering by applying techniques like memoization and efficient state management to enhance UI performance and responsiveness.

Madon Limited 09/2019 – 05/2020
Intern Chennai, Tamil Nadu

- Developed and maintained a responsive WordPress website, adhering to modern UI, accessibility, and mobile-first standards.
- Built and customized static and dynamic pages using HTML, CSS, Bootstrap, and the Gutenberg editor with reusable blocks and plugins.
- Collaborated on theme and plugin customization, ensuring clean structure, cross-browser compatibility, and optimized performance.

EDUCATION

Kamaraj College of Engineering and Technology 2015 – 2019
Bachelor of Computer Science Engineering Virudhunagar, Tamil Nadu
