PROFILE

Frontend Developer with 6+ years of experience building responsive, user-friendly and maintainable web applications using HTML5, CSS3, JavaScript (ES6+), Tailwind CSS and modern frontend technologies. Experienced in developing responsive interfaces, reusable UI components, API integration, form handling, cross-browser compatibility and frontend performance optimization. Familiar with React.js, React Hooks, state management and TypeScript, with a focus on building component-based applications using modern frontend practices. Currently expanding practical skills in Next.js, Redux Toolkit to develop scalable, maintainable web applications.

TECHNICAL SKILLS

Frontend : HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, DOM Manipulation

React Ecosystem: React.js, Functional Components, Props, State, React Hooks, Context API, React Router

Type Safety: TypeScript, Interfaces, Type Aliases, Generics, Type-safe React Components

Styling: Tailwind CSS, Sass/SCSS, Bootstrap, CSS Flexbox, CSS Grid, Responsive Design

API Integration: REST APIs, Axios, Fetch API, Promises, Async/Await, JSON, Loading and Error Handling

Performance: Code Splitting, Lazy Loading, Lighthouse, Frontend Optimization

Tools & Workflow: Git, GitHub, Bitbucket, Jira, VS Code, Chrome DevTools, Agile/Scrum

Additional: WordPress, WooCommerce, Gutenberg

PROFESSIONAL EXPERIENCE

Sr. Software Developer 02/2023 – Present
Elito Innovations Pvt Ltd Chennai, Tamil Nadu

- Developed and maintained responsive user interfaces for admin panels, dashboards, payment modules and client-facing applications.
- Built interactive UI features using JavaScript (ES6+), jQuery and animation libraries to improve usability and user experience.
- Optimized frontend performance by improving CSS/JavaScript assets and implementing lazy loading where appropriate.
- Resolved UI defects, cross-browser compatibility issues and mobile responsiveness problems across development sprints.
- Refactored legacy CSS and frontend code to improve maintainability, reduce duplication and support ongoing feature development.
- Collaborated within Agile development workflows to deliver UI enhancements, bug fixes and application improvements.

Junior Software Engineer 06/2020 – 02/2023
Madon Limited Chennai, Tamil Nadu
React / Frontend Development

- Developed reusable React functional components and used React Hooks to manage component state and behavior.
- Integrated REST APIs using Axios and async/await to retrieve and display data in dashboard and user-facing interfaces.
- Worked with component state and rendering optimization to improve UI responsiveness and code maintainability.

- Built responsive interfaces using HTML, CSS, JavaScript and reusable UI patterns.

WordPress / WooCommerce
- Developed and maintained WordPress pages and custom Gutenberg blocks to support flexible content management.
- Managed WooCommerce product configurations, pricing and discount-related functionality.
- Supported content publishing workflows and maintained website UI consistency.

Intern 09/2019 – 05/2020
Madon Limited Chennai, Tamil Nadu
- Developed and maintained a responsive WordPress website, adhering to modern UI, accessibility, and mobile-first standards.
- Built and customized static and dynamic pages using HTML, CSS, Bootstrap, and the Gutenberg editor with reusable blocks and plugins.
- Collaborated on theme and plugin customization, ensuring clean structure, cross-browser compatibility, and optimized performance.

🗁 PROJECTS

Personal Portfolio Website
React.js | Tailwind CSS | JavaScript | Responsive Web Design
- Developed a personal portfolio website using React.js and Tailwind CSS to showcase professional experience, technical skills and projects.
- Built reusable React components and responsive layouts for a consistent user experience across desktop and mobile devices.
- Organized portfolio sections to present professional background, frontend skills and project work.

Live Demo: https://pravinkumarkg-portfolio.netlify.app/

Frontend Mastery — Frontend Learning Dashboard (In Progress)
React.js | TypeScript | React Router
- Developing a personal learning dashboard to practise modern frontend technologies and component-based development.
- Setting up application routing and reusable layouts for learning, practice, challenges and project sections.
- Building reusable UI components with a focus on maintainability and responsive design.

🎓 EDUCATION

Bachelor of Computer Science Engineering 2015 – 2019
Kamaraj College of Engineering and Technology Virudhunagar, Tamil Nadu
